Correction

There is an error in the Materials and methods section of our recent manuscript [1]. In our description of BrdU detection, the phrase "the embryos were treated with 2 N NaOH for 1 hr" should read as "the embryos were treated with 2 M HCl for 1 hr". We regret the mistake. The original article can be viewed at [<http://www.biomedcentral.com/1471-213X/1/13>].
